The Alliant 2 GWAC

Alliant 2, GSA's premier enterprise GWAC, provides a broad range of IT solutions from a large, diverse pool of industry partners that include a \$50 Billion program ceiling and a five-year base period with one five-year option. The scope of the Alliant GWAC includes all components of an integrated IT solution, including new or existing technologies which may emerge during the lifecycle of the Contract, and IT systems and services in support of National Security Systems, as defined in FAR 39.002. The primary Alliant 2 support areas include every aspect of IT Services including, but not limited to:

- Agile Development
- Big Data
- Biometrics / Identity Management
- Business Analytical Services
- Cloud Computing
- Critical Infrastructure Protection and IA
- Cyber Security
- DoDEA Mission Area Support
- Health IT
- Modeling and Simulation
- Network Operations, Infrastructure and Service-Oriented Architecture
- Risk Management and Mitigation
- Service Interface and Integration
- Software Development
- System and Network Controls
- Web Services

Contract Benefits

With GSA's Alliant 2 Contract, government agencies can obtain a single source for integrated IT services and access to "best in class" private sector IT services. Its broad array of features and benefits include:

- Allows for long-term planning on large-scale programs
- Offers flexibility and supports all contract types (i.e., fixed price, cost reimbursement, labor-hour and time-materials)
- Adheres to pre-competed and streamlined ordering procedures
- Accommodates federal guidelines regarding enterprise architecture and other IT compliance standards and protocols
- Requires Top Secret facility clearances for awardees.
