

# PSI 2024 Intern Program

## **JOB TITLE**

Cybersecurity Intern

## **DEPARTMENT/PROJECT**

Health Sector/ORMDI

## **DESIRED FIELD OF STUDY**

Computer Science

## **JOB LOCATION**

Virtual

## **EMPLOYMENT TYPE**

Full Time

## **JOB DESCRIPTION**

The ORMDI team within the PSI Health Sector is currently seeking an intern who will be tasked with supporting two distinct Authority to Operate (ATO) processes. This involves various responsibilities, including the creation of Plan of Action and Milestones (POA&Ms), development of architecture diagrams, and the formulation of Standard Operating Procedures (SOPs). Additionally, the intern will utilize eMASS for managing the authorization boundaries of both projects, facilitating the request and evaluation of scans, and subsequently assessing the results.

In close collaboration with the Security Analyst, the intern will ensure comprehensive information completion and accurate upload to eMASS, while diligently assigning Common Control Identifiers (CCIs). Moreover, they will liaise closely with the System Administrator and System Engineers to gather and provide evidentiary support for CCIs. Additionally, the intern will be responsible for setting up code scanning tools, reviewing the outcomes, and collaborating with other team members to devise strategies for addressing identified issues.

This role offers a professional opportunity for the intern to gain hands-on experience in cybersecurity compliance processes within a dynamic environment. Working alongside experienced professionals, the intern will contribute to the successful attainment of ATOs, thereby ensuring the integrity and security of critical healthcare systems and data.

## **JOB WILL INCLUDE HANDS ON EXPERIENCE WITH:**

Windows OS, Networking, Java, JavaScript, HTML/SS, SQL, Agile, Github, Python, Computer Architecture, Data Structures & Algorithms, Object Oriented Design

## **MINIMUM REQUIREMENTS**

- Enrolled in a college undergraduate program. Majors such as Business Administration, Finance, Information Technology, Computer Science, Marketing and Communications are preferred.
- Strong academic record, excellent communication skills, and proficiency in Microsoft Office suite.
- Prior experience or coursework in government contracting is a plus, but not required.

## **COMPANY BENEFITS**

PSI offers full-time, benefits eligible employees a competitive total compensation package that includes paid leave, and options for employer sponsored group medical, dental, vision, short-term and long-term disability, life insurance, AD&D coverage, legal services, identity theft, and accident insurance. Flexible spending account and health saving account options offer pre-tax savings for qualified medical, dental, and vision expenses. The company sponsored 401(k) retirement plan has an employer contribution match that is immediately vested. We invest in the professional growth of our employees through professional courses, certifications, and tuition reimbursement programs.

## **EEO COMMITMENT**

It is company policy to promote equal employment opportunities. All personnel decisions, including, but not limited to, recruiting, hiring, training, promotion, compensation, benefits, and termination, are made without regard to race, color, religion, age, sex, sexual orientation, pregnancy, gender identity, genetic information, national origin, citizenship status, veteran status, protected veteran status, disability, or any other characteristic protected by applicable federal, state, or local law.

Reasonable accommodations for applicants and employees with disabilities will be provided. If a reasonable accommodation is needed to participate in the job application or interview process, to perform essential job functions, and/or to receive other benefits and privileges of employment, please contact Human Resources by emailing [HRDepartment@plan-sys.com](mailto:HRDepartment@plan-sys.com), or by dialing 703-575-8400.
